

 Microsoft

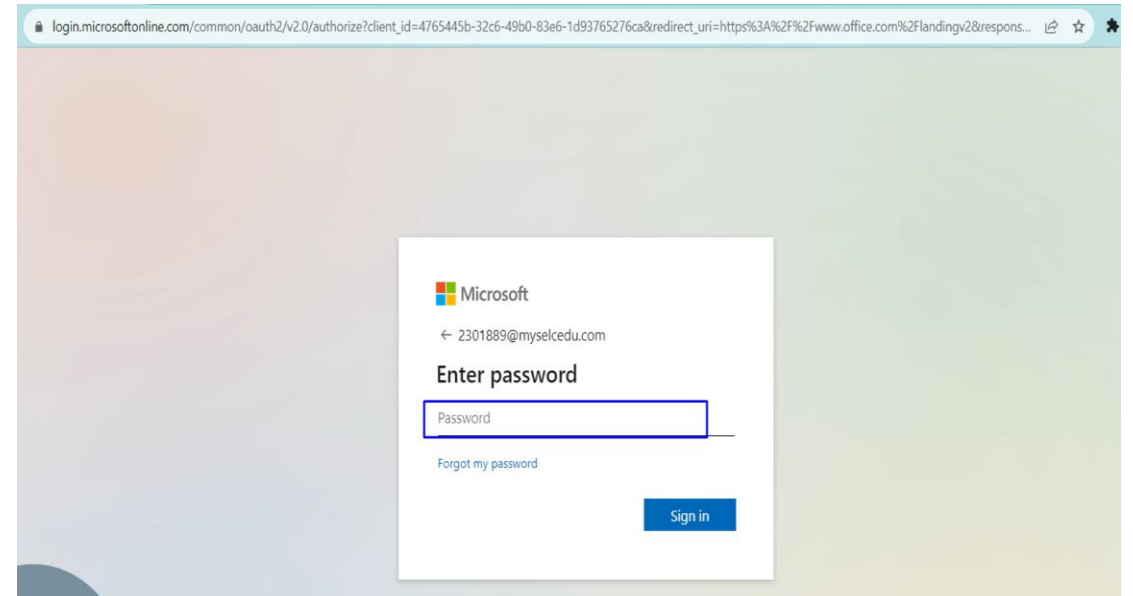

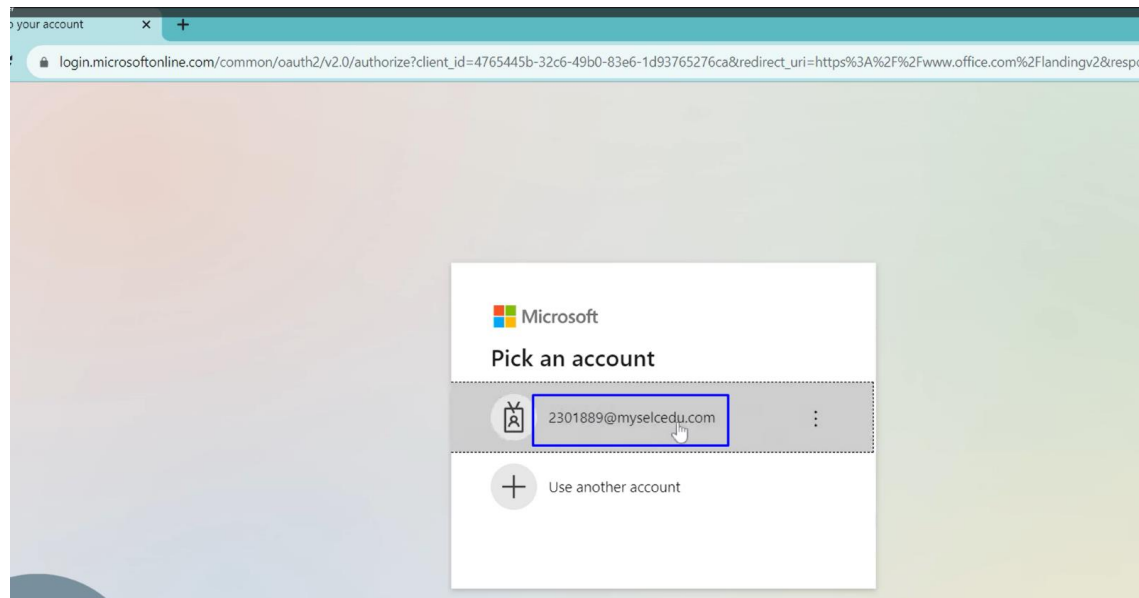

www.office.com/signin

All students must log in to their MS 365 account to take benefits of free student Account. For that please enter the address www.office.com/signin in any web browser.

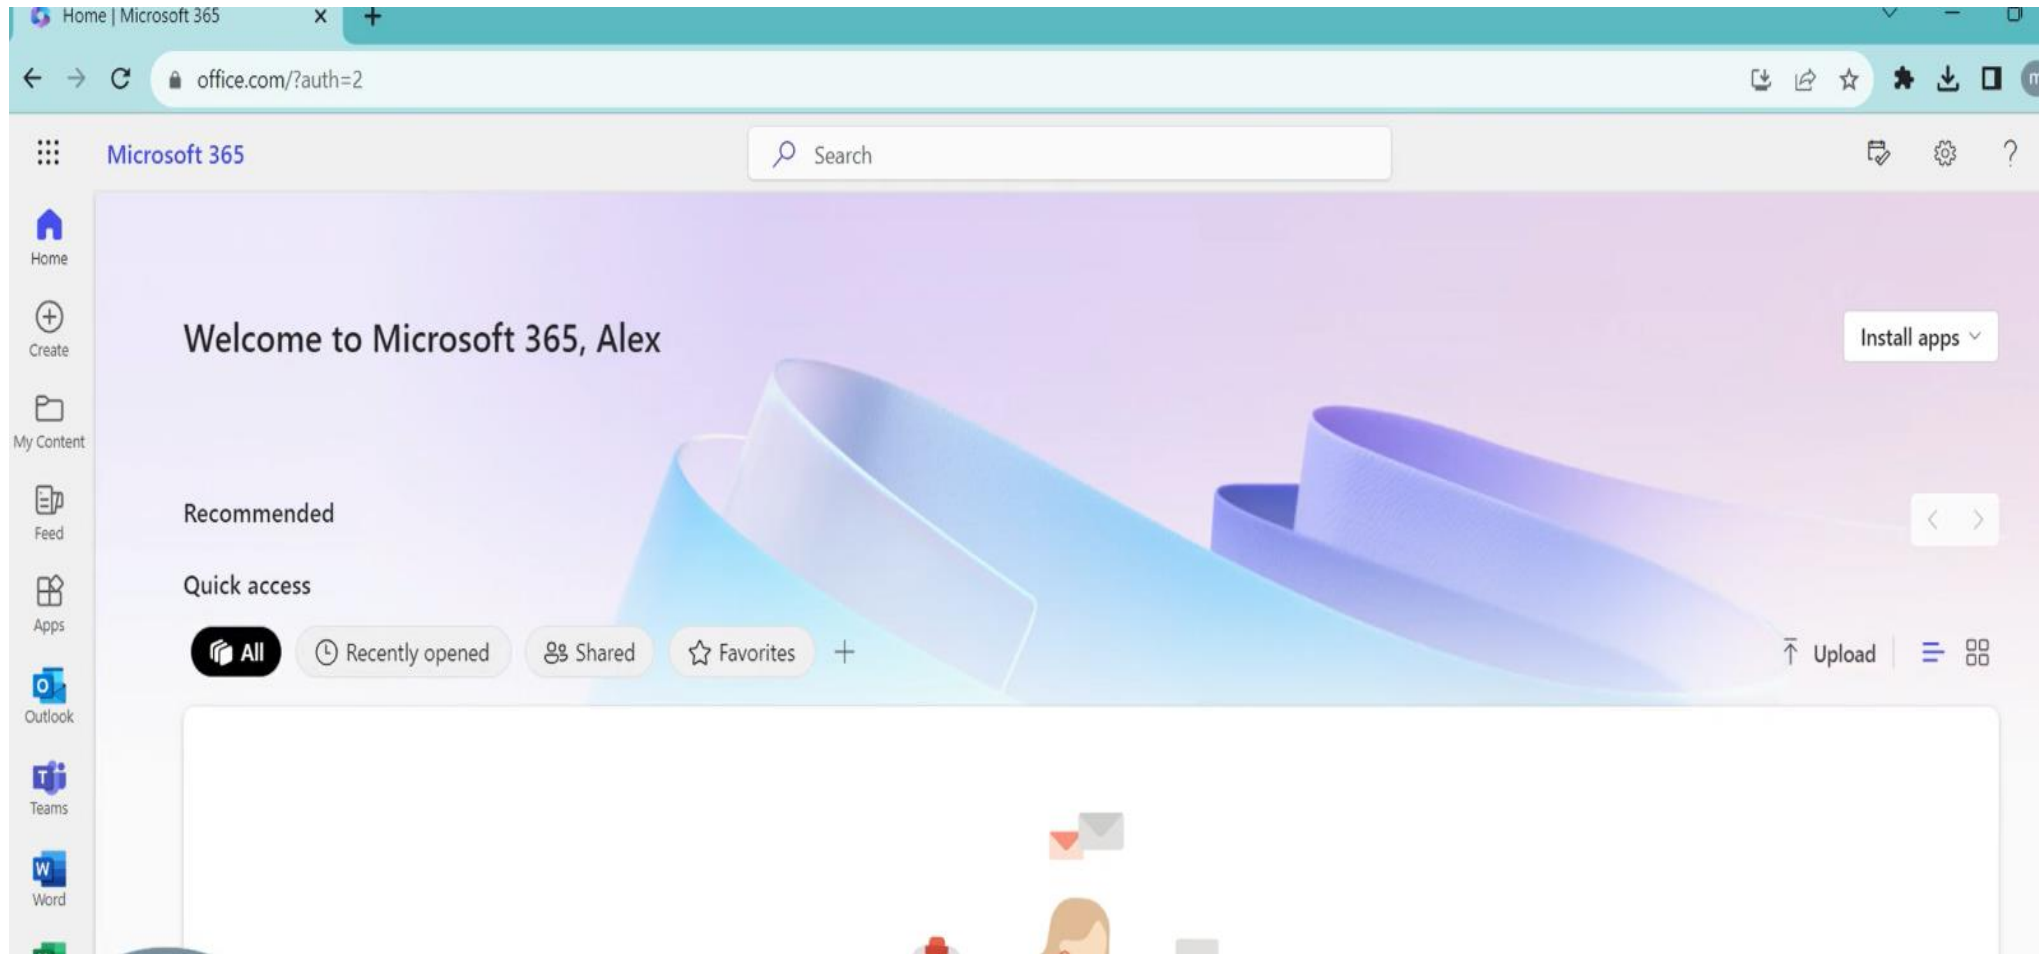

This will lead you to the login page. As a student you have to enter your student number, which is your seven-digit studentnumber@myslecedu.com. You will lead to the next page to enter the password. Enter your student portal password.

****Remember your student portal and O365 account are connected. So, if you want to change the password here, you have to change your student portal password.**

You will be directed to the homepage, where you will have the opportunity to view and access all available applications for complimentary usage.

You are ready to utilize the
complimentary student account
to enhance your skill set
